

Bath and Spa

Hospitality Wet Area Solutions for
Tiled Shower Applications & More

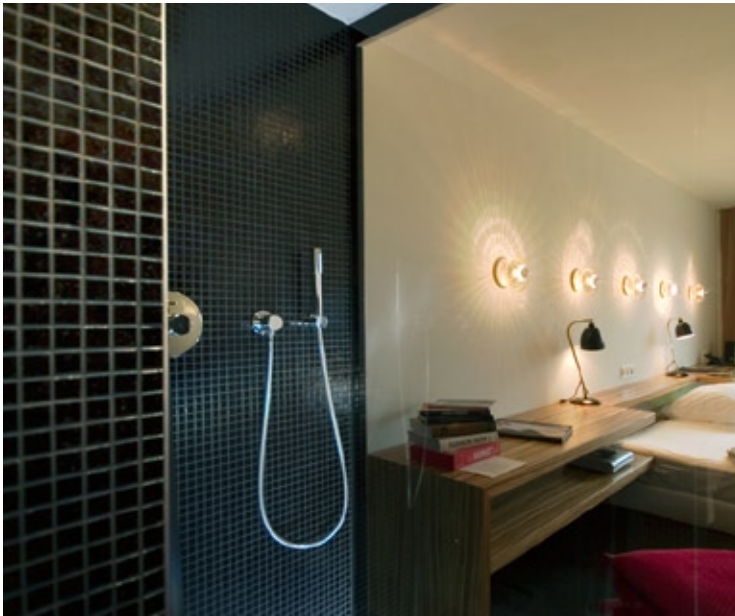

Perfect for Hospitality Solutions

wedi® has a variety of wellness solutions and customized systems that meet the needs of the hospitality industry. Innovative features combine with stylish designs for the perfect fusion between fashion and function.

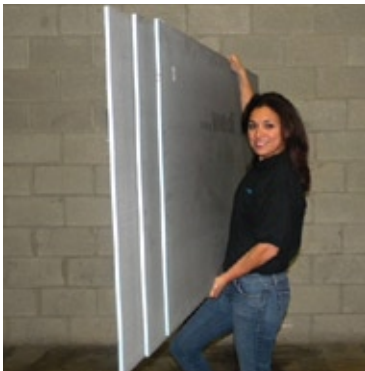

With wedi® you can have it all:

- Comprehensive Component Choices
- Versatile Design Configurations
- Quick & Easy Installations — Saving Time & Money
- Long-Lasting Results
- Waterproofing and No-Mold Technology

wedi® Fundo Shower System with Square Drain

The wedi® Fundo shower system is an easy to install, 100% waterproof substrate with a one-step base application. Water will never penetrate the shower base, and will always have proper drainage with the slope pre-manufactured for a consistent pitch. Fundo is highly customizable on-site. It does not require additional liners, membranes or special tile adhesives to function. The Fundo installation method offers consistent, safe and controlled steps while retaining installation speed and flexibility.

World Class Spas and Steam Rooms

Simple Installations. Beautiful Results.

Take relaxation and rejuvenation to a whole new level with wedi® building materials. Create an unforgettable spa experience for your guests with our wide range of customized spa and steam room products.

Demand for innovative wellness products is greater than ever before. In a busy, fast-paced world your guests want to escape. Our steam baths, classic saunas, loungers and special baths are designed to bring relaxation, rest and renewal to your facility. Whether you're starting a new project or looking for a renovation, wedi® provides beautiful elements to create unique wellness escapes.

Our wellness products are modular, install quickly and are ready to set tile. Simply provide your ideas and wedi® will plan, draw and execute all the details and build to specification - from steam rooms with domes to hammams with tunnel roofs.

Architects and Designers

Versatile Design & Quality-Focused Value Engineering

wedi® offers comprehensive systems with innovative designs that stand up to the unique conditions inherent to health clubs, spas and hotel wet rooms. Our products are made of 100% waterproof and insulating closed-cell XPS foam, leaving no chance for leaks while providing commercial grade, durable substrates for tile. wedi® has a wide range of shower systems, building panels, curbs, ADA-compliant ramps, seats, niches and accessories, all designed with performance in mind.

The Art of Smart Design – The wedi® Quality Advantage

Your project deserves the highest quality materials and superior, consistent construction. Our commitment to integrity of design gives you the performance advantages you need with the design innovations you want. Our building materials allow you to create extraordinary seamless works of art that perform exceptionally well. wedi® provides real value engineering.

Facility Managers

Efficient & Economical Solutions

We know how important it is for you to have a quick turnaround time so your guests can get back to enjoying your facilities. Whether you are renovating an existing or replacing an old, out-dated shower, wedi® has many prefabricated components that are easy to install and require less installation time and labor than traditional materials. Maintaining a tight construction schedule on time and within budget is no problem. Our product systems are lightweight and provide clean, consistent fabrication methods making jobsite logistics a breeze.

Trusted, Long-Lasting Performance

You can rest assured knowing wedi® products are backed by a full coverage, 10 year system warranty. Our products are time-tested to stand up to the demanding conditions of commercial wet-rooms so you don't have to worry about maintenance or replacement for a long time to come. wedi® shower systems are UPC approved and compliant with the International Plumbing Code (IPC), as well as UL tested and rated.

wedi®: The Total Solution

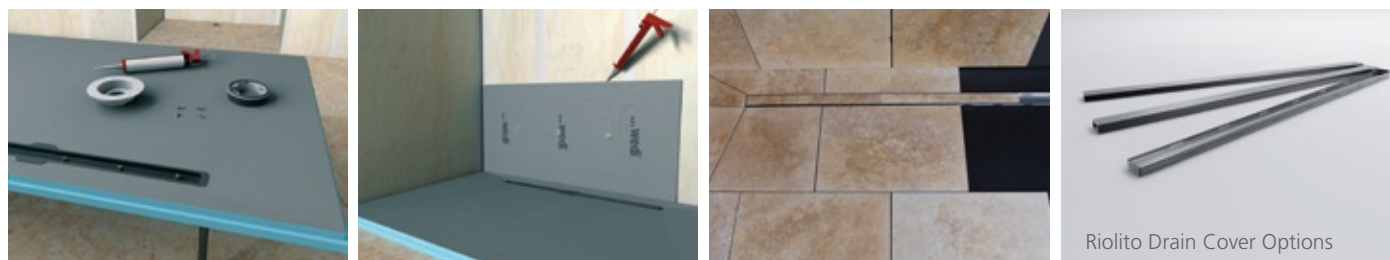

Traditional methods of installing and waterproofing tile-ready showers are complex, time-consuming, labor-intensive and expensive. At risk are water breaches, mold growth, decay and the inability to custom fit a shower. wedi® manufactures the most competitively priced total shower system. Builders, contractors and installers save time and money when using wedi® products.

wedi® has developed a complete lineup of products and product systems perfectly matched for the hospitality and facility management industry. Delivering innovative solutions to solve the toughest design and installation problems, wedi® combines exceptional performance with modern features and sophisticated style. Our products are 100% waterproof, lightweight, durable, mold-proof, insulating and easy to install.

It's easy to see why wedi® is the perfect choice for your next project!

wedi® Fundo Riolito Channel Drain Shower System

The Riolito linear drain shower system is the ideal blend of innovation and practical application. Your guests will enjoy the versatility of flush or curb shower floors and flawless draining. Installers will appreciate the pre-assembled, lightweight construction and integrated features that make installation worry-free. Riolito meets ADA requirements. Combined with wedi® building panels and curbs or ramps, Riolito guarantees a waterproof assembly for standard or custom-shaped showers. The one-way slope allows for small and large format tiles, like every shower floor system by wedi®.
