Dear Mr. Lohmann

Thank you for submitting an application for the evaluation and acceptance of waterproof tile backer systems to be used in City of New York. A review of your application by the Office of Technical Certification and Research (OTCR) has concluded that waterproof tile backer systems can be used in the City of New York and the installation shall comply with (but not limited to) the following:

1. Installation of toilet and bathing room floors shall be in accordance with section BC 1210.1.
2. Installation in walls systems shall be in accordance with section BC 1210.2.
3. Installation in shower compartments shall be in accordance with section BC 1210.3.
4. Installation of waterproof joints shall be in accordance with section BC 1210.4.

Of course the Department reserves the right to request proof of testing/certification.

If you have any questions regarding this matter please feel free to contact me at 212-566-3408.

Sincerely,

Medhat Hanna, PE
