

wedi PREFABRICATED SEATS:
Quick installation, lasting luxury

wedi invites you to take a seat! Our new prefabricated, fast assembly shower seats make installation upgrades simple to achieve.

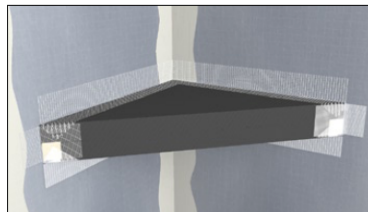

In the past, shower seats may have been discounted by homeowners and installers who didn't want to fuss with unreliable, challenging installations.

However, wedi's superior systems eliminate the challenges and unreliability of shower seating. These prefabricated solutions maximize shower space and add a touch of much-desired luxury.

▪ **Minimal assembly set:** The seat element, two mounting brackets, six fasteners and wedi meshtape and joint sealant are the only components you need!

▪ **Basic, eight-step installation:** Just eight simple steps ensure a sturdy, lasting placement. The manageable effort allows for added luxury even when time or budget are concerns.

▪ **Three versatile size options:** Choose the seat sizing option that fits your specific installation: L, XL or XXL. Each is perfectly, generously proportioned to enhance the shower experience.

▪ **wedi's advanced, quality construction:** These seats are fabricated of wedi's superior blue foam core to ensure resistance to moisture and mold and strength to support installed tile or stone—for lasting quality and performance.

Dear wedi Customer!

While you may think of wedi as the premier manufacturer of backer boards, we see ourselves as the creators of the foundations of modern bath designs.

Our advanced performance seating options, from the corner seats featured at left to the luxurious benches you see below, help integrate spa-like style and comfort into any installation.

As we see trends leaning toward homeowners investing in current dwellings and upgrading their spaces rather than moving into new ones, you have a perfect partner in wedi. Our products open multitudes of installation opportunities.

Our forward-thinking details are easy to work with, yet high quality and lasting. Our corner seats are prime examples—simple to install with timeless appeal. We'll help you be the hero to your clientele.

Sincerely,

BASTIAN LOHMANN
